

NOW THAT YOU KNOW

Children of the Lord rejoice
It's time to lift a joyful voice
Praise him for the resurrection of new life
He's called you to be free from sin
Chosen you to reign with him
Raised you up to shine the brightness of his light

Chorus"
Now that you know
Go on and talk about it
Now that you know
Don't be afraid to shout it
Celebrate the wealth of great things he has done
Talkin' about a faith strong and true
Talkin' about the change that it's made in you
Now that you know, let it show
Now that you know

Jesus made your life complete
His Word is like a living seed
Bringing forth the harvest of his perfect truth
Take it to a dying world
Say it 'til they all have heard
Tell them how the Lord can bring them freedom too

(Chorus)
