

FREEDOM

Sitting on the side of life's
circumstance
Doing things my own way
Hiding from the truth you showed me
Still I tried, I needed to stop and
pray, well
I looked up to you and then I saw the
truth
Your Word it'll never fail,
You broke down the walls that tried
to capture me
Now I can clearly see that there is

Freedom in the way that you touch
my heart
Freedom in the way you plan
Free is the way that you want me to
live
So I will stand and say that there is
Freedom when I follow His
commands
Freedom when I want only His plans
Freedom when I hope only in Him
I have found that Jesus stands for
Freedom

So if you are bound by the chains of
life
Thinking you'll never win
You can have the life He has
planned for you
He'll forgive you of all your sin, well
He will set you free from all that held
you down
He'll give you new life so sweet
I can tell you that He gives us all
good things
Because He's done it for me and
there is

Freedom in the way that you touch
my heart
Freedom in the way you plan

Free is the way that you want me to
live
So I will stand and say that there is
Freedom when I follow His
commands
Freedom when I want only His plans
Freedom when I hope only in Him
I have found that Jesus stands for
Freedom

Freedom, Jesus stands for Freedom
(Repeat)

Freedom in the way that you touch
my heart
Freedom in the way you plan
Free is the way that you want me to
live
So I will stand and say that there is
Freedom when I follow His
commands
Freedom when I want only His plans
Freedom when I hope only in Him
I have found that Jesus stands for
Freedom
