

Great Things

Chorus:

God is doing great things for me
God is doing great things for me
You may not see it
Or even believe it
But God is doing great things for me.

Verse 1:

You didn't see Him when He woke me up this morning
Or when He let me go to sleep in perfect peace
Then all night long He kept me safe from harm and danger
I tell you God is doing great things for me

Chorus:

God is doing great things for me
God is doing great things for me
You may not see it
Or even believe it
But God is doing great things for me.

Verse 2:

So many times He has opened Heaven's store room
And sent an angel down to supply my needs
And every time I call His name He sends provision
I tell you God is doing great things for me.

Verse 3:

You weren't there when I needed Him to heal me
From the pain of past regret that troubled me
Then He forever broke the chains that held me captive
I tell you God is doing great things for me.

Chorus:

God is doing great things for me

God is doing great things for me
You may not see it
Or even believe it
But God is doing great things for me.

Chorus:

God is doing great things for me
God is doing great things for me
You may not see it
Or even believe it
But God is doing great things
God is doing great things
God is doing great things
Great things for me.
