

## **“Tell the Story”**

### **Verse 1:**

I know that you weren't on the hill  
When thousands got to eat their fill  
You weren't on the sea when He came walking by  
There are memories that you have deep inside  
Only you know how it's been with Him in your life.

### **Chorus:**

Tell the story of Jesus in you  
How you met Him, how you've loved Him  
Nobody tells it like you do  
You were there when He came in  
So just tell the what, the where, the when  
More than anything tell who  
Tell the story of Jesus in you.

### **Verse 2:**

I want to know the time and place  
I wish I could have seen your face  
When you opened up your heart to who He was  
Can you describe the moment you first felt His love  
You know things about that day nobody else does

### **Chorus:**

Tell the story of Jesus in you  
How you met Him, how you've loved Him  
Nobody tells it like you do  
You were there when He came in  
So just tell the what, the where, the when  
More than anything tell who  
Tell the story of Jesus in you

It's a wonderful, powerful story  
You're the star, but in the end  
He gets the glory-yeah

Oh, the glory

You were there when He came in  
So just tell the what the where the when  
But more than anything tell who  
Tell the story of Jesus in you

Tell the story of Jesus in you  
How you met Him, how you've loved Him  
Nobody tells it like you do  
You were there when He came in  
So just tell the what, the where, the when  
More than anything tell who  
Tell the story of Jesus in you.
